Executive Summary

Please provide a plain-language summary of this combined report and continuation plans in terms of implementing key strategies, engaging the community, and enacting Receivership. The summary should be written in terms easily understood by the community-at-large. Please avoid terms and acronyms that are unfamiliar to the public and limit the summary to no more than 500 words.

The New York City Department of Education (DOE) is committed to ensuring that students in every borough, district, neighborhood, and school have the opportunities to achieve their dreams. We are continually assessing Level 1 and Level 2 indicator data for Receivership schools and adjusting strategies as needed. Community stakeholders are engaged through the
Receivership public hearings and school Community Engagement Teams. The NYCDOE continues to improve on providing high-quality services to Receivership schools so that student achievement will improve.

Our strategy is Comprehensive School Support (CSS), which aims to do the following as a system:
- Accelerate learning in ALL schools
- Close the opportunity gap by addressing disproportionality
- Bring coherence to the way administrators use data
- Reallocate support with a lens on equity

The NYCDOE Office of the First Deputy Chancellor operates under a theory of action that if we, through a shared school improvement framework, collaborate with our central DOE and community partners to empower executive superintendents to equitably support schools based on their unique and individual needs, and to build schools’ capacity to independently engage in a cycle of continuous improvement whereby schools:
- Identify the needs of their school community
- Develop a strategic action plan aligned with the school improvement framework that addresses their needs
- Receive high quality, tiered, supports aligned to their strategic action plan
- Engage in regular monitoring to assess the impact of their plan in meeting their needs
- Continuously adjust their plan to ensure that their school community’s needs are met and equity is advanced

Then all schools will become equitable educational institutions that provide all NYC students with the opportunities and skillset to become college and career ready.

Schools develop a CEP that addresses each of their unique improvement areas: these plans reference specific CSS drivers (student achievement, disproportionality, equity, etc.). School supports are tiered and differentiated based on their needs, as articulated by their CEPs. Borough and Citywide Offices plan to engage in regular monitoring of school support and its impact on school CEPs. Receivership schools are part of the following Borough and Citywide Offices: ACCESS, Bronx, Brooklyn North, Manhattan, and Queens South. Progress monitoring takes place at all levels: with schools, BCOs, superintendents, Executive Superintendents, and NYCDOE leadership.

Attention – This document is intended to be completed by the School Receiver and/or its designee and submitted electronically to OISR@NYSED.gov. The reporting portion of this document is a self-assessment of the implementation and outcomes of key strategies related to Receivership, and as such, should not be considered a formal evaluation on the part of the New York State Education Department. This document serves as the continuation plan for Receivership schools receiving School Improvement Grant (SIG) funds. It also serves as the planning instrument for Receivership schools with School Comprehensive Education Plans (SCEP). This document in its entirety must be posted on the district website.

Please note - All prompts submitted under the “2020-21 School Year Continuation Plan” heading should directly align with or be adaptations to the previously approved intervention plans (SIG, or SCEP), and must have input from community engagement teams.
**Directions for Part I and II** - District and school staff should respond to the sections of this document by both analyzing and summarizing the key strategies that will be addressed in their 2020-2021 Continuation Plan in light of their anticipated level of implementation and their anticipated impact on student learning outcomes. The 2020-2021 Continuation Plan is an opportunity for district and school staff to present their proposed actions and adaptations for the upcoming school year. This is intended to create the framework by which the school transitions from the current year to the upcoming school year in a manner that represents continuous and comprehensive planning. The District should ensure the key strategies address the needs of all learners, particularly the needs of subgroups of students and those at risk for not meeting the challenging State academic standards. District and school staff should consider the impact of proposed key strategies on student learning, as well as the long-term sustainability and connectivity of those key strategies to diagnostic review feedback.

**Part I – Demonstrable Improvement Indicators (Level 1)**

<td><strong>HS Chronic Absenteeism - All Students</strong></td>
<td><strong>Goal:</strong> By June 2021, our Chronic Absenteeism DII will decrease by at least 7.2% from our 2018-19 baseline of 56.1 to below our progress target of 49%Training of all teachers in taking attendance with online system.</td>
<td>• School leaders will review 2019-20 attendance data to develop three lists: 1. returning students who were chronically absent in 2019-20. These students will be given Tier 3 supports. 2. incoming students who are siblings of those who were chronically absent in 2019-20. These students will be given Tier 2 supports in the first half of the year. 3. returning students who missed between 14 and 17 days in 2019-20. These students will be given Tier 2 supports in the first half of the year. • School leaders will work toward developing Tier 2 and 3 supports. For Tier 3, this will involve identifying staff who are willing to serve as mentors for students and developing expectations for the role of mentor. For Tier 2 supports, this will involve communicating to the assigned teacher that the child is potentially at-risk for chronic absenteeism, and that attendance should be supported by positively reacting to the child's presence in the class, establishing contact early and often with the child's home, and monitoring for factors that may be likely to negatively affect the child's attendance.</td>

**LEVEL 1 Indicators**

Please list the school’s Level 1 indicators and complete all columns below. This information should provide details about the implementation of strategies that will support progress toward the Demonstrable Improvement Indicators.
### Kid Talks for all students - Weekly datasets with tracking of students who are not meeting responsibilities, identify, support, and connect with students. Implement personalized Intervention based (PBIS reward, other rewards) on student Kid Talk

- Kid Talks with SWD Teacher Team. Implement personalized Intervention based (PBIS reward, other rewards) on student Kid Talk

### Adjustments made due to Covid 19 transition to remote learning in mid-March included:

- Entire attendance team including all school aides shifted to be attendance mentors
- Every student was assigned an attendance mentor, previously only Level 3 intervention students had a mentor

### Staff mentors will meet daily with student mentees receiving tier 3 support to check-in and encourage regular school attendance. Mentors will share any information about barriers to school attendance with the attendance committee. Staff will call the home of each student who is not in attendance each day. The principal will emphasize the importance of regular school attendance in the monthly parent newsletter.

### The attendance committee will conduct its monthly meeting and cover four set topics:

1. Review attendance data for September and identify students who have missed two or three days of school. Members of the attendance committee will contact families of these students by phone to discuss the importance of regular school attendance and identify any barriers.
2. Identify students that have missed more than three days of school. The attendance committee will develop individualized plans for October for each student to address barriers to school attendance.
3. Review the attendance of those receiving Tier 2 supports. Consider moving any student in Tier 2 to Tier 3 supports.
4. Review the attendance of those receiving Tier 3 supports. Schedule a meeting with the mentor assigned to any student in this group that has missed more than 2 days of school to determine if additional support is needed.

### Staff will call the home of each student who is not in attendance each day. Staff mentors will meet daily with student mentees receiving tier 3 support to check-in and encourage regular school attendance. Mentors will share any information about barriers to school attendance with the attendance committee. School staff will implement the individualized plans developed by the attendance committee to address barriers to school attendance. The principal will emphasize the importance of regular school attendance in the monthly parent newsletter.

### 2018-19: 2016 Total Cohort (11th Graders) Passing ELA Regents

**Goal:**
By August 2021, our High School ELA 2016 Total Cohort (11th Graders) Passing ELA Regents DII will increase from our 2018-19 baseline of 51 and both exceed our 2020-21 progress target of 48 and our 2018-19 Performance of 51.

**Key Strategies:**
- Aligning English Curriculum to have four-year skills progression (Scope and Sequence)
- Ensure all co-teachers have received professional development on the multiple models of co-teaching to better support student barriers with Teaching Matter Coaching.
- Leverage information from students’ IEPs on the impact of disability to plan for required adaptations to instruction.
- Ensure that teachers who are providing instruction to ELLs/MLLS are effective and have a deep knowledge of content and can leverage students' cultures as an asset. Through Professional Development with Teaching Matters.
- Create opportunities for ELLs/MLLS to use their home language, when and where appropriate.
- Conduct a school-wide assessment of classroom book collections to assess adequate volume, as well as E-Readers and availability of high interest books to provide STH students.

Adjustments made due to Covid 19 transition to remote learning in mid-March included:

- Professional Development shifted to focus on remote and technological learning with the objective to ensure students could demonstrate the learning necessary to earn course credit
- Teachers began designing lessons and providing instruction using Google Classrooms
- Shift to a standards-based grading model was accelerated during this time
- Teacher teams agreed upon standards-based summative tasks in each course so that incomplete grades could be followed up with consistent strategies and messaging
- Pacing calendars were adjusted
- Grade teams identified students showing a significant drop in academic performance with remote learning compared to live instruction
- Grade team members became academic mentors to students who were identified as struggling

Goal:
By June 2021, our High School 2016 Total Cohort (10th Graders) Passing Math Regents DII will increase by at least 12 points from a baseline of 28 to exceed our 2020-21 progress target of 40

- Instructional Cabinet Team will determine the appropriate process to roll out new decisions to teachers through department teams.
- Aligning English Curriculum to have four-year skills progression (Scope and Sequence). School leaders will communicate that Curriculum Maps will be expected to align to the skills progression as well. Teachers will be given time to adjust their curriculum maps.
- Through departments, teachers will be introduced to the new grading policy that shifts percentages from completion to percentages to standards. Online gradebooks will also be organized as such.
- Departments will look at MAP data to determine progress on students and adjust on standards to target.
- Department teams, each month will review unit/lesson plans to tune plans to better suit the needs of SWD’s and ELLs.

- A SIG funded supplemental Math Teacher will push in and provide students in-classroom support in their mathematics classes. Additionally, this teacher will provide the ENL and SWD teams with tools and strategies to provide targeted, consistent support in mathematics.
- A SIG funded supplemental Special Education Teacher will push in and provide students in-classroom support in their subject area classes. Additionally, this teacher will provide the instructional teams with tools and strategies to provide targeted, consistent support in subject area classes.
- Introduce new lesson plan template that combines lesson plan process with lesson plan template. Teachers will have full school year to adapt to new lesson plan template that aligns more closely to standards.
- Instructional Cabinet Team will review current grading policy and begin modifying policy to better align with standards-based grading.
- Instructional Cabinet Team will meet with department teams to discuss proposals to current grading policy to align with standards-based grading.

### Adjustments made due to Covid 19 transition to remote learning in mid-March included:

- Internship program shifted to remote internships where applicable.
- Approximately 45/90 Internship students were able to make this shift.
- School had an 80 percent attempt rate with AP examinations (which shifted to on-line administration).
- Students enrolled at Monroe college were able to continue their dual enrollment remotely.
- Students at Monroe College for full campus coursework were also able to shift to remote learning to complete their college courses on-line.

- Master schedule has a 4-year sequence where all students have the opportunity to receive a CDOS credential.
- ELL and SWD students will have equitable access to Internship and College level classes.
- Mandated ELT for credit remediation and skill progression for identified students.
| Indicator: #240 | Goal:

- Ensure all co-teachers have received professional development on the multiple models of co-teaching to better support student barriers through Great Books Coaching  
- Leverage information from students’ IEPs on the impact of disability to plan for required adaptations to instruction.  
- Ensure that teachers who are providing instruction to ELLs/MLLS are effective and have a deep knowledge of content and can leverage students’ cultures as an asset. Through Professional Development with Great Books.  
- Create opportunities for ELLs/MLLS to use their home language, when and where appropriate.  
Adjustments made due to Covid 19 transition to remote learning in mid-March included:  
- Professional Development shifted to focus on remote and technological learning with the objective to ensure students could demonstrate the learning necessary to earn course credit  
- Teachers began designing lessons and providing instruction using Google Classrooms  
- Shift to a standards-based grading model was accelerated during this time  
- Teacher teams agreed upon standards-based summative tasks in each course so that incomplete grades could be followed up with consistent strategies and messaging  
- Pacing calendars were adjusted  
- Grade teams identified students showing a significant drop in academic performance with remote learning compared to live instruction  
- Grade team members became academic mentors to students who were identified as struggling  |

Indicator: #88

By June 2021, we will achieve a NYS Demonstrable Improvement Indicator (DII) Score of 79% on the 2014 Total Cohort 5-Year Grad Rate - All Students DII from the 2018 baseline rate of 65%.

Key Strategies:

- Develop horizontal teacher teams for collaborative planning around instructional expectations for students in temporary housing.
- Provide time for co-teachers to plan together to identify a barrier that can be supported via a differentiation strategy/plan and incorporating it in Unit and lesson plans.
- Analyze standards to prioritize skills students require to progress within the shared curriculum.
- Create ELT for students in need of credits for credit remediation.
- Create ELT for students in need of credits for skill improvement.
- Create ELT for ELL students who are considered Entering or Emerging to better support academic language.
- Provide time for ELL co-teachers to plan together to ensure that teachers are familiar with their students to best tailor authentic text that is representative of students’ linguistically and culturally diverse experiences.
- Provide time for SWD co-teachers to plan together to identify a barrier that can be supported via a differentiation strategy/plan and incorporating it in Unit and lesson plans.

Adjustments made due to Covid 19 transition to remote learning in mid-March included:

- Counselors continued to utilize New Visions Data Tool to ensure students were on a pathway to receive their credits by June/August 2020.
- Grade teams as well continued to evaluate student progress through the progress to graduation tracker and intervene as necessary to support students and families in making the adjustment to on-line learning.
- Grade teams identified students showing a significant drop in academic performance with remote learning compared to live instruction.
- Grade team members became academic mentors to students who were identified as struggling.

Provide time for SWD co-teachers to plan together to identify a barrier that can be supported via a differentiation strategy/plan and incorporating it in Unit and lesson plans.

A SIG funded supplemental Social Studies teacher will support ENL Students in meeting the writing and analysis skills to necessary to reach Proficiency levels on the US History and Global Studies Regents Exams.

A SIG funded supplemental ENL Teacher will support 2 ENL teacher streams, whereby ENL students receive more in-classroom support in all their humanities classes. Additionally, ENL teachers provide their teams with tools and strategies to provide targeted, consistent support, across disciplines.

A SIG funded supplemental Math Teacher will push in and provide students in-classroom support in their mathematics classes. Additionally, this teacher will provide the ENL and SWD teams with tools and strategies to provide targeted, consistent support in mathematics.

A SIG funded supplemental Special Education Teacher will push in and provide students in-classroom support in their subject area classes. Additionally, this teacher will provide the instructional teams with tools and strategies to provide targeted, consistent support in subject area classes.

A SIG funded supplemental Assistant Principal will provide supports including: providing teachers with the support that they require for improving school-wide pedagogy and curriculum; PD implementation as well as serve as a coordinator for inter-visitations and any individualized support that is needed by teachers based on observations.

HS ELA Hispanic Performance Index
Indicator: #123

Goal:
By August 2021, our High School ELA Hispanic Performance Index DII will rise to 83.8 from a baseline of 73.8.

Key Strategies:
- Develop horizontal teacher teams for collaborative planning around instructional expectations for ELL Students
- Create ELT for ELL students who are considered Entering or Emerging to better support academic language
- Provide time for ELL co-teachers to plan together to ensure that teachers are familiar with their students to best tailor authentic text that is representative of students' linguistically and culturally diverse experiences.

- Increase ELL programming to off-site Internship Program by 5%
- Create opportunities for ELLs/MLLs to use their home language, when and where appropriate.
- Kid Talks with ELL Teacher Team and Student Advocates for ELLs

Adjustments made due to Covid 19 transition to remote learning in mid-March included:
- Professional Development shifted to focus on remote and technological learning with the objective to ensure students could demonstrate the learning necessary to earn course credit
- Teachers began designing lessons and providing instruction using Google Classrooms
- Shift to a standards-based grading model was accelerated during this time

**Community Engagement Team (CET)**
Describe the type, nature, frequency and outcomes of meetings conducted by the CET and its sub-committees that will be charged with addressing specific components of the CET Plan. Describe outcomes or potential outcomes of the CET plan implementation, school support, and dissemination of information. Please identify any changes in the community engagement plan and/or changes in the membership structure of the CET for the 2019-20 School Year. What additional CET changes are you anticipating (If any) for the 2020-21 school year?

**Report Out of CET Plan Implementation**
During the month of September of this school year, each of the 12 Receivership schools held public hearings for the purposes of discussing an update on school receivership and the performance of the school and soliciting input through public engagement regarding recommendations for improving the school. The Executive Superintendent/Superintendent reviewed and provided approved recommendations to the school which will be used to inform planning and adjustments needed to the School Comprehensive Educational Plan (SCEP).

**Outcomes of the CET:**
- Discussed attendance initiatives and goals
- Parent engagement activities
- Family engagement budget approval
- Student supports and interventions

The CET continues to assess and report on the implementation of the plan, informed by current data regarding school performance on selected Demonstrable Improvement metrics and any additional information necessary to assess the implementation of the plan, provided by the Executive Superintendent, Superintendent and the Principal. The CET utilized the goals and benchmarks in the School Comprehensive Education Plan (SCEP) as well as CSG plans as applicable to track progress towards meeting their school specific goals and Demonstrable Improvement indicators.

**Powers of the Receiver**
Describe the anticipated use of the School Receiver’s powers for the 2020-2021 school year (pursuant to those identified in CR §100.19). Discuss the goals and the impact of those powers.

**Report Out**

The NYCDOE engages in regular consultation with the leadership of its collective bargaining units regarding the construct of receivership and related requirements. NYCDOE is considering any elements of the revised CEP and SIG plans that require changes to the collective bargaining agreements, for example, mandatory participation of all school staff in summer professional development activities. We are planning and conducting the engagement activities with UFT and CSA. Following our engagement process, the NYCDOE will determine what changes may need to be made to collective bargaining agreements.

Listed below are any other efforts to utilize the powers of the School Receiver:
* Replace school leadership to help transform a school on an as-needed basis.
* School-level community engagement meetings to discuss Receivership status and solicit public input and recommendations.

**Part VI: Best Practices (Optional)**

**Best Practices**

The New York State Education Department recognizes the importance of sharing best practices within schools and districts. Please take this opportunity to share one or more best practices that will be implemented in the 2020-2021 school year that will result in significant improvements in student performance, instructional practice, student/family engagement, and/or school climate. It is the intention of the Department to share these best practices with schools and districts in Receivership.

List the best practice that will be or is currently being implemented in the school. Describe a best practice that will be in place for the 2020-21 school year in terms of its impact on the implementation of the plan. Discuss the evidence that will be used to determine its success. Discuss the possibility of replication in other schools.
