Educator Guide

District 75 Schools 2019-20

Last Updated: January 19, 2021

Overview

The School Quality Reports share information about school performance, set expectations for schools, and promote school improvement. The School Quality Reports include:

- **School Quality Snapshot:** A summary report for families and community members to learn about school performance and quality.
- **School Quality Guide:** A more detailed, interactive report for educators to investigate school data more deeply. The report is publicly available for community members interested in more information.
- **School Performance Dashboard:** An interactive report with data visualizations for educators to investigate multiple years of school performance data. The report is publicly available for community members interested in more information.

These reports include information from multiple sources, including Quality Reviews, the NYC School Survey, and student performance.

This Educator Guide typically describes the methodology used to calculate metric values and ratings in the School Quality Reports. **However, due to COVID-19, metric ratings are not available for any schools for the 2019-20 school year.**

School Quality Report Sections

The School Quality Reports are organized around the [Framework for Great Schools](#), which includes six elements—Rigorous Instruction, Collaborative Teachers, Supportive Environment, Effective School Leadership, Strong Family-Community Ties, and Trust—that drive student achievement and school improvement.

The School Quality Reports do not include an overall grade or rating. Instead,

they share information on the six Framework elements and on Student Achievement.

Rigorous Instruction: This element reflects how well the curriculum and instruction engage students and build critical-thinking skills. This section uses data from the Quality Review and the NYC School Survey.

Collaborative Teachers: This element reflects how well teachers participate in opportunities to develop, grow, and contribute to the continuous improvement of the school community. This section uses data from the Quality Review and the NYC School Survey.

Supportive Environment: This element reflects how well the school establishes a culture where students feel safe, challenged to grow, and supported to meet high expectations. This section uses data from the Quality Review, the NYC School Survey, the percentage of students with attendance rates of 90% or higher, and movement of students with disabilities to less restrictive environments.

Effective School Leadership: This element reflects how well school leadership inspires the school community with a clear instructional vision and effectively distributes leadership to realize this vision. This section uses data from the Quality Review and the NYC School Survey.

Strong Family-Community Ties: This element reflects how well the school forms effective partnerships with families to improve the school. This section uses data from the Quality Review and the NYC School Survey.

Trust: This element reflects whether the relationships between administrators, educators, students, and families are based on trust and respect. This section uses data from the NYC School Survey.

Scores and Ratings

Due to COVID-19, scores and ratings were not calculated and are not displayed in the 2019-20 School Quality Reports.

New York State School Designations

New York State implements a state accountability system, which measures student performance on NYS ELA and math exams and Regents exams as well as graduation rates. State accountability status does not affect the School Quality Report ratings. State accountability status is reported on the School Quality Snapshot and the School quality Dashboard. Given COVID-19, schools will keep their state accountability designation from January 2020 for the 2020-21 school year.

Definitions

School Quality Report School Type

School Quality Reports are provided for the following school types:

School Type	Grades and Students Served
Early Childhood School	K, K-1, K-2, K-3
Elementary School	K-4, K-5, and K-6
K-8 School*	K-7, K-8, and K-12 (minus grades 9-12)
Middle School	5-8, 6-8, and 6-12 (minus grades 9-12)
District 75 School	K-8 and K-12, focused on students with disabilities
High School	9-12, K-12 (minus grades K-8), and 6-12 (minus grades 6-8)
Transfer High School	9-12, focused on overage and undercredited students.

* If a new K-8 school has grade 6, but does not yet have grades 3 or 4 it will be considered a middle school until it adds one of those grades.

A school that serves grades K-12 receives two separate School Quality Reports: one for the K-8 part of the school, and one for the high school.

Similarly, a school that serves grades 6-12 receives two separate School Quality Reports: one for the middle school, and one for the high school.

This document explains the rules for the School Quality Reports for District 75 schools. Separate Educator Guides explain the rules for the other school types.

Survey School Type

For scoring survey results, schools are placed into a survey school type:

School type	Grade range
Early Childhood School	PK-K, PK-1, PK-2, PK-3, K, K-1, K-2, K-3
Elementary School	3K-5, PK-4, PK-5, PK-6, K-4, K-5, K-6, 2-5, 3-5, 4-5
Elementary / Middle School	3K-8, PK-7, PK-8, K-7, K-8, 3-8, 4-8
Elementary / Middle / High School	PK-9, PK-12, K-9, K-10, K-11, K-12, 3-12
Middle School	5, 5-6, 5-8, 6, 6-7, 6-8, 6-9
Middle / High School	5-12, 6-9, 6-10, 6-11, 6-12, 7-12
High School	9, 9-10, 9-11, 9-12, 10-12
Transfer School	Transfer Schools serving grades from 9-12

District 75 School

District 75 Schools

For example, the survey results of a school that served grades 6-12 are compared to the survey results of other schools in the Middle / High School category.

Minimum N (Number of Students)

In general, the minimum number of values used for reported calculations (for student achievement metrics) at the school level is 15. For the growth-percentile metrics, the percentage of qualifying students at the school must also be greater than 15%.

Attribution of Students to Schools

Students are attributed to schools based on the October 31, 2019 audited register. We use the enrollment from this register because it is audited for accuracy and used to allocate funds to schools.

Performance on Assessments

Metrics

Due to COVID-19, state exams were not administered in 2020. Therefore, metric results for performance on assessments are not available for District 75 schools for the 2019-20 school year.

Framework Elements

Metrics and Data Sources

The Framework elements use the following data sources:

Section	Data Sources
Rigorous Instruction	<ul style="list-style-type: none"> • NYC School Survey • Quality Review indicators 1.1, 1.2, 2.2
Collaborative Teachers	<ul style="list-style-type: none"> • NYC School Survey • Quality Review indicators 4.1, 4.2
Supportive Environment	<ul style="list-style-type: none"> • NYC School Survey • Quality Review indicators 1.4, 3.4 • Chronic absenteeism (or average change in student attendance, for some school types)* • Movement of students with disabilities to less restrictive environments
Effective School Leadership	<ul style="list-style-type: none"> • NYC School Survey • Quality Review indicators 1.3, 3.1, 5.1
Strong Family-Community Ties	<ul style="list-style-type: none"> • NYC School Survey • Quality Review indicators 3.4
Trust	<ul style="list-style-type: none"> • NYC School Survey

* Chronic absenteeism and average change in student attendance will be limited to September 2019-February 2020 for the 2019-20 school year.

Quality Review

The Framework ratings incorporate results from the school's most recent Quality Review on the following indicators:

- 1.1 Rigorous, engaging, and coherent curricula aligned to the Common Core Learning Standards.
- 1.2 Research-based, effective instruction that yields high quality student work.
- 1.3 Aligned resource use to support instructional goals that meet students' needs.
- 1.4 Structures for a positive learning environment, inclusive culture, and student success.
- 2.2 Curricula-aligned assessment practices that inform instruction.
- 3.1 School-level theory of action and goals shared by the school community.
- 3.4 A culture of learning that communicates and supports high expectations.
- 4.1 Support and evaluation of teachers through the Danielson Framework and

analysis of learning outcomes

- 4.2** Teacher teams engaged in collaborative practice using the inquiry approach to improve classroom practice.
-
- 5.1** Regularly evaluate school-level decisions with a focus on the Common Core Learning Standards.
-

Schools that received Quality Reviews in 2016-17 or later have ratings on all ten indicators. Schools that received their latest Quality Review in 2015-16 or earlier have ratings on five indicators: 1.1, 1.2, 2.2, 3.4, and 4.2.

For additional information about the Quality Review, please visit <https://www.schools.nyc.gov/about-us/reports/school-quality/quality-review>

NYC School Survey

The NYC School Survey is administered annually to students in grades 6-12, and to parents and teachers of students in all grades (3-K through 12). The survey gathers information from school communities on the six elements of the Framework for Great Schools.

The survey is organized as groups of questions relating to a measure, and groups of measures relating to an element.

Example: The element of Rigorous Instruction is composed of four measures: Academic Press, Course Clarity, Quality of Student Discussion, and Strong Core Instruction. The NYC School Survey includes groups of questions related to each of those measures.

See Appendix A for a detailed explanation of the element-measure-question survey structure.

► *Question-Level Percent Positive*

For each survey question, we calculate the percentage of “positive” responses (excluding “I don’t know” or missing responses from the denominator).

Positive responses are defined as those in the favorable half of response options (i.e., out of four possible response options, the two most favorable options are treated as positive responses).

► *Measure-Level Percent Positive*

For each measure, we calculate the percentage of positive responses. This value is the average of the percent positives of all the questions within the measure.

► *Element-Level Percent Positive*

For each element, we calculate the percentage of positive responses. This value is not simply the straight average of the percent positives of all the questions within the element. Instead, this value is the average of the measure-level percent positives for all the measures within the element. (For example, the percent positive for the

Rigorous Instruction element is the average of the percent positives on its four measures: Academic Press, Course Clarity, Quality of Student Discussion, and Strong Core Instruction.)

Other Metrics

► ***Average Change in Student Attendance (Transfer High Schools, District 75 Schools)***

This metric shows the average change in attendance rate for the students at the school under evaluation. This measure looks at two pieces of information for each student:

- Student's attendance rate for 2018-19. (This student attendance rate is the aggregate rate from all New York City public school(s) the student attended in 2017-18.)
- Student's attendance rate for 2019-20. (This student attendance rate includes only the rate at the school under evaluation.) **Due to COVID-19, attendance rate will only be calculated for September 2019 through February 2020.**

To be included in this measure a student must have an attendance rate for the 2018-19 school year with a minimum aggregate of 40 days on register at any New York City school(s) during that year. In addition, during the 2019-20 school year, the student must have been on the register of the school under evaluation for at least 40 days.

The average change in the student attendance rate for each school is calculated by taking the average of change in attendance rate from 2018-19 to 2019-20 for all students at the school under evaluation. (This metric is expressed in percentage points.)

► ***Movement of Students with Disabilities to Less Restrictive Environments (District 75 Schools)***

This represents the percentage of students at a District 75 school who, in a given school year, are integrated into a less restrictive environment within the same District 75 school or a different District 75 school. To be included in this metric, a student must:

- Be on the school's October 31, 2018 audited register
- Be on any District 75 school's October 31, 2019 audited register

Students contribute to the numerator of this metric if their class assignment on July 15, 2020 is less restrictive than the class assignment on July 15, 2019. Students are attributed by the October 2018 register because that school prepared the student for integration into the less restrictive environment.

► *Percentage of Students Integrated into Non-District 75 Environment (District 75 Schools)*

This represents the percentage of students at a District 75 school who, in a given school year, are integrated or re-integrated into a non-District 75 education environment. Students contribute to the numerator of this metric if they are on the October 31, 2018 audited register of a District 75 school and are on the October 31, 2019 audited register of a non-District 75 school. The credit is attributed to the District 75 school that the student was assigned to in October 2018. The denominator for this metric includes all students on the audited register of the District 75 school in October 2018.

Rigorous Instruction

Questions included within each measure in the Rigorous Instruction element.

Academic Press

How much do YOU agree with the following statements?

- S q4a I'm learning a lot in my classes at this school to prepare me for the next level or grade.
 S q4j My classes at this school really make me think critically.
1 = Strongly disagree, 2 = Disagree, 3 = Agree, 4 = Strongly agree

In how many of your classes ...

- S q5a are you challenged?
 S q5b do your teachers ask difficult questions on tests?
 S q5c do your teachers ask difficult questions in class?
 S q5d do you work in small groups?
 S q5e do your teachers want students to become better thinkers, not just memorize things?
1 = None, 2 = A few, 3 = Most, 4 = All

How many students in your classes...

- T q24a feel challenged?
 T q24c have to work hard to do well?
 T q24e respond to challenging test questions?
 T q24g respond to challenging questions in class?
1 = None, 2 = Some, 3 = A lot, 4 = All

Course clarity

In how many of your classes, this school year, do YOU feel the following statement is true?

- S q2a I learn a lot from feedback on my work.
 S q2b It's clear what I need to do to get a good grade.
 S q2c The work we do in class is good preparation for our class tests.
 S q2d The homework assignments help me learn the course material.
 S q2e I know what my teacher wants me to learn in class.
1 = None, 2 = A few, 3 = Most, 4 = All

Quality of student discussion

How many students in your classes...

- T q23a build on each other's ideas during class discussions?
 T q23b use data or text references to support their ideas?
 T q23c show that they respect each other's ideas?
 T q23d provide constructive feedback to their peers/teachers?
 T q23e participate in class discussions at some point?
1 = None, 2 = Some, 3 = A lot, 4 = All

Strong core instruction

For general/self-contained/ELA/math/science/social studies: In planning my last instructional unit, I had the resources and tools I needed to include multiple opportunities for...

- T q18a students to build knowledge by engaging with a variety of texts and tasks that feature big ideas, rich content, and multiple perspectives.
 T q18b reading and writing experiences grounded in evidence from text, both literary and informational.
 T q18c students to interact with complex grade-level text and tasks.
 T q18d students to practice academic language through writing.

T	q18e	students to engage with texts and tasks reflective of their diverse racial, cultural, and linguistic perspective.
T	q18f	students to engage in extended talk and discussion organized around rich content and topics.
T	q18g	students to engage in meaningful discussion that critically examines topics that connect to the daily lives of students.
T	q18h	teaching and practicing high-utility vocabulary words.
T	q18i	focusing deeply on the concepts emphasized in the standards to help students build strong foundations for learning.
T	q18j	creating coherent progressions within the standards from previous grades to current grade to build onto previous learning.
T	q18k	students to demonstrate conceptual understanding within real-world examples. <i>1 = Strongly disagree, 2 = Disagree, 3 = Agree, 4 = Strongly agree</i>

Collaborative Teachers

Questions included within each measure in the Collaborative Teachers element.

Cultural awareness and inclusive classroom instruction

How much do YOU agree with the following statements?

S	q1f	My teachers use examples of students' different cultures/backgrounds/families in their lessons to make learning more meaningful for me.
S	q1g	I see people of many races, ethnicities, cultures, and backgrounds represented in the curriculum.
S	q1i	In general, my teachers treat students from different cultures or backgrounds equally.
S	q1j	I feel that my teachers respect my culture/background.
S	q1i	In general, my teachers make their lessons relevant to my everyday life experiences.
S	q1k	I am presented with positive images of people from a variety of races, ethnicities, cultures, and backgrounds. <i>1 = Strongly disagree, 2 = Disagree, 3 = Agree, 4 = Strongly agree, 5 = I don't know</i>

Please mark the extent to which you disagree or agree with each of the following. I am able to...

T	q2a	receive support around how to incorporate students' cultural and linguistic backgrounds in my practice.
T	q2b	use my students' prior knowledge to make my lessons relevant to their everyday life.
T	q2c	modify instructional activities and materials to meet the developmental needs and learning interests of all my students.
T	q2d	ensure instruction represents multiple perspectives, cultures, and backgrounds.
T	q2e	design appropriate instruction that is matched to students' need (e.g. English language learners (ELLs) proficiency and students with disabilities).
T	q2f	apply my knowledge of parents' various cultural backgrounds when collaborating with them regarding their child's educational progress.
T	q2g	develop appropriate Individualized Education Programs for my students with disabilities.
T	q2h	distinguish linguistic/cultural differences from learning difficulties. <i>1 = Strongly disagree, 2 = Disagree, 3 = Agree, 4 = Strongly agree, 5 = I don't know</i>

Innovation and Collective responsibility

How many teachers at this school...
