2019-20 Request for Proposals

BACKGROUND & OVERVIEW

NYC Public School Principals: Arts and Family Engagement grants promote school-based arts partnerships to not just expand arts opportunities for students, but to also boost parent, family, and community engagement around all aspects of students’ education.

In annual arts data reported by schools, principals frequently cite challenges in creating opportunities for family engagement when implementing their school-based arts programs. At the same time, parents indicate in district-wide family surveys a strong desire to see more arts programs and/or learn more about the arts offerings at their children’s schools. Arts and Family Engagement grants help address these challenges by funding projects that create family connections to the arts programs offered at school while building upon schools’ existing arts partnerships and programming.

Sparking new partnerships and leveraging schools’ existing relationships with NYC arts and cultural organizations, the Arts and Family Engagement grant program offers schools funding to support innovative, arts partner-coordinated workshops, events, and other initiatives that:

- Showcase students’ school-based, Blueprint-aligned arts experiences;
- Illuminate connections between student art and other academic learning;
- Engage students, parents and family, and others in art-making or learning activities; and
- Demonstrate the power and importance of the arts in the school setting.

All projects must be interactive, involving students, parents and family, and other members of the school community. By bridging the work between schools’ Parent Coordinators and Arts Education Liaisons, Arts and Family Engagement grants also aim to foster collaboration and increase school capacity to carry out other arts and community outreach initiatives in the future.

PROGRAM STRUCTURE AND BENEFITS

- Funding: Schools may request up to $2,500 to cover a project to take place during the 2019-20 school year, concluding no later than June 2020. Schools may only use grants to pay for services provided by their arts partner as outlined in their approved proposal.

- Deliverables: Grantee schools and their arts partners will deliver one or more workshops and interactive arts events involving parents, other family members, and the school community. Grantee schools will also be responsible for submitting a project summary report at the end of the 2019-20 school year.

- Scheduling and Arts Focus: Projects can take place in-school and/or after-school, and must involve student work resulting from Blueprint-aligned instruction in dance, music, theater, visual arts, and/or the moving image.
APPLICANT ELIGIBILITY

• Principals and assistant principals of non-charter, NYC public schools may apply. Schools serving all grades (Pre-K through 12) are eligible. District 75 and District 79 schools are also eligible. Since only one proposal per DBN may be submitted, principals of schools with multiple locations (e.g. District 75/79 schools) should consider needs and opportunities at all their school sites when developing their proposals.

• Priority consideration will be given to schools with meritorious proposals who have never applied or have never received arts partnership funding from the Office of Arts & Special Projects (OASP). While schools should collaborate with an arts partner in developing a proposal, arts organizations may not submit a proposal on behalf of a school.

• Applying schools must propose to work with one arts partner organization that has a demonstrated track record of providing high-quality, interactive arts experiences involving students, parents, and other family members. Schools may propose to work with any qualified DOE arts vendor; however, priority will be assigned to proposals featuring organizations who have a current, citywide DOE contract for Arts Education Services. To view a list of contracted vendors, click here and then select contract “R1129 Arts Education Services” or “R0891 Arts Education Services.”

SCHOOL COMMITMENT

• Grantee schools will commit to scheduling and support of the project, including submission of required reporting and supporting materials.

• School teams will include the school’s Arts Education Liaison and Parent Coordinator, who will regularly interface with the school’s selected arts partner.

• Schools will not use funding to off-set costs of current program commitments.

• School leaders must assure that appropriate work and event spaces (e.g. classroom, studio, or auditorium) are available for use by the arts partner and that spaces are programmed accordingly.

FREQUENTLY ASKED QUESTIONS

We are not currently working with an arts partner, are we eligible to apply?
Yes, starting in 2019-20, a school has the option to request Arts+Family grant funding to form a new partnership with an arts organization the school has not worked with in the past, or to expand an existing arts partnership to include more parent and family engagement arts opportunities.

My school was selected for other DOE Arts funding, are we eligible to apply?
Yes, however, priority will be given to applying schools who have not received funding via other DOE arts partnership grant programs (e.g. Arts for ELLs and Students with Disabilities program).

How do I select my partner arts organization?
A good starting point would be to view a list of organizations who have a current DOE contract for Arts Education Services (see Eligibility section above) since priority will be assigned to projects involving these organizations. In exploratory conversations with a potential partner, ensure that the organization has a demonstrated track record of delivering high-quality interactive arts experiences involving students, parents, and other family members. You might also consult the DOE’s Arts and Cultural Education Services (ACES) Guide (click here to view), which contains information on more than 200 NYC arts organizations (note that not all organizations listed in the ACES Guide are DOE-contracted vendors for Arts Education Services).

Who will receive the funding and how may it be used?
Grantee schools will receive funding as a direct allocation in Galaxy that will be object-code restricted to pay only for services provided by their arts partner. Schools must cover all other associated project expenses (e.g. supplies, materials, other resources not provided by the arts education partners). Due to internal DOE spending deadlines, grantees must be prepared to process a purchase order with their arts partner shortly after receiving their allocation.

Can my proposed arts education partner submit our schools’ application on my behalf?
No, schools must take the lead in the application process. Therefore, applications must be reviewed and submitted online by either school principals or assistant principals. To facilitate collaboration among stakeholders during application preparation, principals may share the list of application questions among the appropriate parties so that responses can be prepared before the principal or assistant principal completes the online submission process.

May we apply to more than one DOE Arts Partnership Grant Program?
The Office of Arts and Special Projects currently offers two Arts Partnership Grant programs: Arts for ELLs and SWD and Arts+Family Engagement. Each school may submit one proposal per grant program (for which it is eligible) per year.

ADDITIONAL QUESTIONS
Direct grant program questions to Ben Espinosa, Arts Partnership Manager, at (917) 521-3746 or bespinosa@schools.nyc.gov. School leaders are also encouraged to reach out to their Borough Arts Directors for additional guidance and any arts instructional inquiries specific to their schools.
APPLICATION GUIDELINES
Completed applications must be submitted by **11:59 PM on Friday, June 7, 2019.**

Submissions may only be made by school principals or assistant principals via the online application form. Late, incomplete, or improperly submitted applications will not be considered. The online application form may be accessed at:

www.cvent.com/d/c6q5s3

Each school may apply only once per application cycle. In preparation for the online submission, a list of questions that will appear online are provided below. School leadership is encouraged to consult teachers, other school staff, community members, proposed arts education partners, and other relevant stakeholders with these questions in mind so that application responses can be prepared well before the principal or assistant principal completes the online submission process.

• Budgets/narratives referencing unclear or unallowable proposed use of grant funds
• Signatures on the Signatures Page that are missing, typed-in, illegible, or otherwise not acceptable
• Narrative responses that are inadvertently truncated because they exceed the maximum allowable length
