

School Closure Discharge Reporting

In June 2014, 21 New York City public schools closed. This report provides data regarding students enrolled in these schools during the 2013-2014 school year, according to the guidelines set by Local Law 2011/043.¹ Counts with 0 to 9 cases were suppressed throughout the report. In some cases, higher counts were suppressed if that information would result in the ability to determine the values of suppressed counts through subtraction.

High Schools/Secondary Schools

Twelve New York City public high schools and secondary schools stopped serving students in June 2014:

- **Metropolitan Corporate Academy HS**
- **Paul Robeson High School**
- **Norman Thomas High School**

³ Per NY State Commissioner's Regulations, students who fail a course of study have the opportunity to make up credit by repeating the course or completing credit recovery. When NYSED released its credit recovery policy in 2010, the NYCDOE began tracking its use by creating an indicator in its Student Transcript And Reporting System (STARS), where schools enter course information. Schools began using this indicator in Fall 2010.

⁴ Schools determine their grading policies in accordance with relevant NYSED and NYCDOE policies, including determining which courses to include in the calculation of GPA. Schools may weight certain courses (e.g. Honors, Advanced Placement) more heavily in the GPA calculation. Because New York City schools have various policies for calculating GPA, the data reported here is a weighted cumulative grade average that calculates the average grade across all of a student's courses.

⁵ Attendance rates may not add to 100 percent due to students with only one day of enrollment.

- 0-9 students were discharged with the following codes:
 - Transferred to a school or program for a limited time period, including YABC (Code 51)
 - Transferred to a school outside of NYC (Code 11)
