

Dear Parent or Guardian:

Your child may be able to receive health services and/or medical accommodations in school and DOE programs/activities under Section 504 of the Rehabilitation Act of 1973. These services help a student with health needs to participate in school on an equal basis as their peers who do not have disabilities. For example, students with a medical condition may be given medicine at school according to their health care provider's instructions, or students who have trouble seeing or hearing may be seated close to the blackboard.

The Office of School Health reviews medical accommodation requests each school year to confirm whether your child needs services and/or accommodations in school, and to let the school know about any changes to ensure your child's needs are met.

To get ready for the upcoming school year, please:

- Ask your child's health care provider to fill out the attached [Diabetes Medication Administration Form](#), [Medication Administration Form\(s\)](#), and/or [Medically Prescribed Treatment Form](#) (attach a small recent photo to the upper left corner) and [Medical Accommodations Request Form](#).
 - After reviewing the forms completed by your child's health care provider, sign the back page of the form(s) and include your contact information.
- Submit the completed Diabetes Medication Administration Form, or Medication Administration Form, and/or Medically Prescribed Treatment Form to the school nurse as early as **June 1, 2022, or as soon as possible**, so that your child receives authorized services at the start of the 2022-2023 school year.
- Submit the completed Medical Accommodations Request Form to your school's 504 Coordinator, along with the [Request for Section 504 Accommodations Parent Form with HIPAA Authorization](#) to request educational and other school-based accommodations.

Medical forms that are sent after the end of the school year can be submitted as follows:

Diabetes Medication Administration Forms:

Email to: OshDMAF@health.nyc.gov

Or

Mail to:

Attn: DMAF Coordinator
New York City DOHMH
Office of School Health
42-09 28th Street, CN-25
Queens, New York 11101-4714

Or

Fax to:

347-396-8945 (Bronx & Manhattan)
347-396-8933 (Brooklyn & Staten Island)
347-396-8932 (Queens)
