- Provides wider placement choices for both staff and schools
- This system helps to facilitate matches
- Facilitates transfers within the same license area, not intended for transfers that require a license change

Calendar

- Wednesday, April 9, 2025 @ 9:00 AM Open Market Hiring System launches
- Thursday, August 7, 2025 @ 5:00 PM Open Market Hiring System closes

Who can apply through the Open Market Transfer System?

Who can use the OMT System?	How can Applicants access the OMT System and what can they do?
 The OMT is open to all regularly appointed UFT titles seeking transfer, including: ✓ Teachers, ✓ Guidance Counselors, ✓ School Secretaries, ✓ Lab Specialists, ✓ School Psychologists, ✓ Speech Improvement, ✓ School Social Workers, ✓ Attendance Teachers, and ✓ UFT Paraprofessionals. 	 Applicants must register in the OMT system to view vacancies entered by principals into the school's Galaxy Table of Organization (T.O.). They can upload resumes, cover letters and enter alternate contact details in addition to the pre-loaded NYCPS contact information. Applicants can apply to vacancies entered in Galaxy or directly to the school DBN.

Notes to Principals

Employee Ratings:

Principals must first review the performance ratings for all potential OMT transfer candidates. To review, select "Applicant Search" or the "All Excessed Staff" report in the OMT top menu. Enter the EIS ID for the candidate, and then locate the name of the candidate in the search results to access their profile. We also strongly urge principals to contact the applicant's existing school principal to assess if the candidate will be a good fit for your school.

View Applicants and Vacancies:

To view applicants and/or vacancies, click on the "Applicants & Vacancies" link from the top menu. All vacancies and vacancy details must be declared in Galaxy before they are viewable by applicants in OMT. Please contact your Human Resources Director to determine a candidate's qualifications/eligibility. Once an applicant is selected for hire, the candidate must be intended in Galaxy to initiate the hiring process.

Selecting/Intending OMT Applicants in Galaxy:

After the OMT applicant has been intended, the Galaxy Personnel Details screen will display the transfer type "Open Market Transfer".

Once you initiate a transaction to intend the applicant in Galaxy, there will be a fully populated OMT Agreement available. The OMT Agreement must be signed by both the Principal and Applicant to finalize the transfer and make it official.

Please remember, after you have identified a candidate that you would like to hire, you must initiate the appropriate transaction in Galaxy in a **timely manner**, to allow the candidate's former school sufficient time to fill his/her vacancy.

For more information, please view additional Open Market information available on the InfoHub.

Find Staff in Excess:

To view a citywide list of staff in excess, select the "All Excessed Staff" link from the top menu. Limited details will be available for staff that have not yet applied for transfer through the OMT system.

Title and License Changes:

Selections that will require a Title or License change are **not** to be processed as OMT transfers. Please contact your Human Resources Director for assistance on Title and License needs of your school.

OMT Hiring Strategies

Strategy #1 – Attract the Right Candidates

OMT is an active marketplace where you want your positions to offer information front and center for candidates to see.

Creating descriptive and compelling job postings will increase the number of potential right-fit candidates applying to the position, and those who will express genuine interest in working in your school community.

OMT Hiring Strategies

Strategy #2 – Proactively Cultivate Candidates

There are two sets of candidates in OMT:

- those who apply to a position in your school and
- those who do not.

3

It's important that you have a plan for recruiting both groups.

Cultivate those that apply

Most candidates are applying to multiple positions, and they are visible to every principal in OMT (except for their own school). Once you receive an application, it's important to begin cultivating that candidate immediately.

Search for additional candidates

There are many quality candidates who may not apply directly to your position, but they may in fact be a great fit for your school.
