

Sample Schedule- 6 Hour 20 Minute Day

This 6 hour 20 minute sample schedule offers a suggested daily structure for activities and routines that occur and/or are required in Early Learn and other program types where three-year-old children are enrolled. For additional information regarding schedule requirements, please reference [The Policy Handbook](#).

Minutes Allotted	Activity	Notes	Additional Notes for Clarification
20	Arrival Activities/ Greeting Routine/Breakfast	<ul style="list-style-type: none"> Teaching teams greet families and children by name as they arrive in the classroom. Children store their belongings and participate in the <i>Greeting Routine</i> (refer to the <i>Greeting Routine</i> in Explorations: Instructional Guidance for 3-K for All (Explorations) Sample Weekly Plan). Children clean hands¹ and prepare for breakfast, if desired. Provide alternative activities for children who do not wish to eat. At least one member of the teaching team sits and has conversations with children while they self-serve breakfast items and eat. After breakfast, children clean hands and prepare for Large Group Meeting. 	<p>For meals, consider USDA nutritional components required and time lapse between meals (no more than 3 hours from the end of one meal/snack to the start of the next, unless children are sleeping).</p> <p>* Meals and snacks served in Early Learn programs are required to adhere to the requirements outlined by the Child and Adult Care Food Program (CACFP) and NYC Food Standards. The guidelines outlined above are consistent with these requirements.</p>
10	Large Group Meeting	<ul style="list-style-type: none"> Children and teaching teams gather to greet each other and may engage in a brief, active, play-based learning activity, or read aloud. At the end of the meeting teaching teams should review the daily schedule and preview Centers. Teaching teams may want to highlight materials and/or activities that will be available and children may want to try. 	<p>Large Group Meeting must not exceed 10 minutes (including transitions in and out of group) and can be shorter if children lose interest in the planned activities.</p>

¹

Cleaning Hands: Hand sanitizer may be used if hands are not visibly soiled. Refer to the [ECERS-R hand washing and sanitizing guidelines](#) for more information about how to effectively clean hands.

Sample Schedule- 6 Hour 20 Minute Day

		<ul style="list-style-type: none"> • Children should select where they will play first. 	<p>In order to reduce the amount of time that children spend in large group and ensure that children have enough time to engage in meaningful play, teachers should think strategically about large group activities and whether they are essential to the day.</p>
60	Centers	<ul style="list-style-type: none"> • Materials should be accessible to children in all Centers for a substantial portion of the day (one-third of the program hours). Materials should align to children’s interests, needs, and some may align to the current Exploration. The length of time provided for Centers is calculated from the minute the last child joins a Center activity. • Invitations to Explore (Invitations) can be implemented during Centers or at another time during the day. Teaching teams should invite children to participate and let them join if they would like. Teaching Teams should spend the remainder of the time talking and playing with children in Centers. Although children are typically excited about the opportunity to work closely with a teacher, children may decline the opportunity to participate in an Invitation. • At least one member of the teaching team should be available to read in different Centers with individual or small groups of children if they express interest. • Hand washing before/after messy play (play dough, water, sand, paint, glue, etc.) is needed during play time before moving to a different activity. 	<p>When children have a sufficient amount of time to play and can access Centers and the materials in them, they have some of the essential supports necessary for their play to continue developing in complexity. Teaching teams should ensure that children have access to and can choose from a variety of Center materials for a substantial portion of the day (one-third of the program hours). Teaching teams should also support children’s engagement in play during Centers, making adjustments to the daily schedule to weave in small and large group activities without preventing children from playing with materials they chose.</p>
10	Clean-up	<ul style="list-style-type: none"> • Children clean up classroom materials and then prepare for gross motor activities. 	

Sample Schedule- 6 Hour 20 Minute Day

40	Gross Motor Play	<ul style="list-style-type: none"> • Teachers observe and interact with children as they use playground toys and equipment. • Refer to <i>Ideas for Learning Centers</i> within the current Exploration for Exploration-related outdoor activities. • Active Play/Gross Motor Equipment/Music and Movement activities should be planned indoors on days when the weather does not permit outdoor play. For more information weather permitting days please visit NYCDOE DECE Weather Policy for the ECERS-R • Additional time is built into this sample schedule to allow for transition to and from the playground. 	
10	Clean-up/Hand Washing	<ul style="list-style-type: none"> • As children and teaching teams return from gross motor play, hands should be washed upon reentry to the classroom • As children finish washing their hands they should go directly to the sanitized tables so that their hands are not recontaminated before eating. 	Refer to the ECERS-R hand washing and sanitizing guidelines for more information regarding this practice.
20	Family Style Lunch	<ul style="list-style-type: none"> • Teaching teams sit and have conversations with children (refer to the Exploration Sample Weekly Plan for suggestions) throughout the meal. • Child-size serving dishes and utensils are provided to allow children to serve themselves. • In addition to sanitizing tables before the meal, one member of the teaching team should sanitize the tables after children have finished eating. 	<p>For meals, consider USDA nutritional components required and time lapse between meals (no more than 3 hours from the end of one meal/snack to the start of the next, unless children are sleeping).</p> <p>* Meals and snacks served in Early Learn programs are required to adhere to the requirements outlined by the Child and Adult Care Food Program (CACFP) and NYC Food Standards. The guidelines outlined above are consistent with CACFP and NYC Food Standards requirements.</p>
10	Toileting and Handwashing	<ul style="list-style-type: none"> • As children finish lunch at their own pace, they begin to toilet (if necessary) and clean their hands in preparation for rest. 	Children should be able to use the bathroom throughout the day as

		<ul style="list-style-type: none"> This time can also be used for stretching with soothing music, browsing books or conducting a read aloud. 	<p>needed. Group bathroom trips can cause long waits and are not recommended. Toileting is mentioned in this part of the schedule in order to prevent toileting accidents from happening during nap.</p>
50	Quiet/Rest Time	<ul style="list-style-type: none"> Children rest quietly or sleep on individual mats. Teaching teams provide quiet activities for children who do not sleep. 	<p>Adjust the length of rest time to suit the needs of the group and individual children; the needs may change over the course of the year. Time is built in to this sample schedule for set up and transition from nap.</p>
10	Large Group Meeting	<ul style="list-style-type: none"> Children and teaching teams gather and may engage in a brief, active, play-based learning activity, or read aloud. At the end of the meeting, teaching teams should review what will happen this afternoon and preview Centers. Teaching teams may want to highlight materials and/or activities that will be available and children may want to try. Children should select where they will play first. 	
60	Centers	<ul style="list-style-type: none"> Materials should be accessible to children in all Centers for a substantial portion of the day (one-third of the program hours). 10	Closing meeting	<ul style="list-style-type: none"> Children and teaching teams gather to end the day with a closing ritual or song. Children and teaching teams begin to prepare for dismissal. Teaching teams assist children in packing their belongings and preparing to leave 	Closing meeting must not exceed 10 minutes (including transitions in and out of group)

General Notes

- Based on a 6 hour 20 minute day, the time requirement to meet "Accessibility" is 47 minutes and to meet "Substantial Portion of the Day" is 127 minutes (2 hours 7 minutes).
- A total of 60 minutes of outdoor gross motor play is required. This should happen in the morning and afternoon.
- Transition time will vary depending on the space and number of children.
- When creating your daily schedule, consider alternating active and less active times.
