

School Psychologist Leadership Program

The DOE is launching a School Psychologist Leadership Program aimed at building support and leadership capacity in schools and Committees of Special Education (CSEs); providing opportunities for school psychologists who want to learn more about leadership, particularly the role of supervisors of school psychologists; as well as create leadership pathways for school psychologists who are currently enrolled in or are interested in pursuing a School Building/ District Leader program (SBL/ SDL) for special education programs and services. The five-part series will be held at 52 Chambers Street Second Floor conference room from 5-7 PM, beginning **December 17**.

Participants must meet the following criteria to participate in the program; final verification of eligibility will be made by the participants' supervisor of school psychologist:

- Four years of experience as a school psychologist;
- Satisfactory rating; and
- Consistent attendance.
