Select Bus Service changes the way buses operate and makes your ride faster and more reliable. In addition to customers paying before they board, this service features dedicated bus lanes, enforcement against traffic violators, cameras that catch illegally parked cars and trucks, and traffic signal priority, all contributing to faster, reliable service.

**Note:** Fare payment and boarding on the S79 SBS operates the same as other local or express buses. Continue to board at the front of the bus and pay with your student MetroCard.

How it works for SBS (except S79 SBS):
- Select Bus Service stops all have clearly marked signs, shelters, and buses.
- You MUST pay your fare before boarding.
- Pay at the bus stop where you will board.
- Use a MetroCard Fare Collector or Coin Fare Collector to make your payment.
- Your ticket is proof of payment.
- Your ticket is NOT a transfer and is NOT valid on any other bus or subway.
- You MUST board at the stop where you paid your fare and complete your trip within one hour.
- Board through any of the doors.

**Keep Your Ticket!**
- Hold onto your ticket for the entire trip. It shows that you’ve paid.
- You can’t get a refund on a ticket once you’ve boarded.
- Fare inspectors on the bus randomly check tickets. If you don’t have a ticket or refuse to show it, you could be issued a fare evasion summons.
- Your ticket is valid only for the SBS route you paid for, not on other SBS routes or any other bus route.

When you see the words “Insert Coins” in the little window, pay your reduced fare (one half the base fare) in coins. The farebox will give you a free transfer on your card. Then, if you need to take a second bus, just use your Student MetroCard again when you transfer. You’ll see “Transfer OK” in the little window.

You don’t need to pay to use a Student MetroCard unless you have a Half-Fare Student MetroCard (see the inside panel for more Half-Fare Student MetroCard information). You can use it as soon as you get it, and it can be used at every subway station and on local buses only. Student MetroCards cannot be used on express buses.

Travel Safely

In the subway...

Stand back from the platform edge.

1. Stand behind the yellow line, away from the platform edge. In the event there were incidents involving customers who came in contact with trains, 44 people died. Don’t become a statistic.

2. Don’t play games. Jumping over the tracks, kicking sand or the platform, riding skateboards/bicycles or endangering your friends might all lead to disaster. Things can turn deadly.

3. Subway Surfing—riding on a train roof or hanging on the side of a moving train—is DANGEROUS. If you fall, your injuries may be fatal.

4. Keep off the tracks. They contain more than 600 volts of electricity. If you drop something on the tracks, leave it. Ask a Transit employee or police officer for help; or, if available, use a station Help Point or Customer Assistance intercom.

5. Do not put your head or hand in the path of a train. Trains move faster than you think and may not stop in time to save your life.

6. Step aside to speed your ride. When you let others off first, the train can take you on your way sooner.

7. Do not walk or stand between subway cars. The cars shift, and if you slip there’s no getting up.

8. Remain alert and aware. You need to see and hear what’s going on around you. Do not be distracted by your mobile devices.

9. During non-rush hours, wait for trains in the designated waiting areas.

10. Avoid empty subway cars, and use subway exits where there is the most activity.

When traveling by bus...

1. Walk—do not run—to catch a bus.

2. If standing, hold onto the bus as you board.

3. Keep your head and arms inside the bus.

4. After exiting, do not cross in front of the bus.

5. Stay alert. Do not be distracted by cell phones, headphones, and other devices.

Protect yourself while traveling

Keep electronic devices out of sight. Avoid listening to music so that you can remain alert enough to hear surrounding sounds.

If someone is suspicious or behind you, cross the street. If necessary, crosscriss from one side to the other.

Walk close to the curb to avoid passing too close to shurbbery, dark doorways, and other places of concealement.

Always know your location. You must have your exact location. If you call 911.

Visit mta.info to learn what to do or how to make a report if you encounter improper sexual conduct in our transportation system. Unwanted sexual conduct should not be part of your ride. Do not second-guess yourself or feel ashamed, or be afraid to speak. Call 911 if you are in immediate danger or attack.

Please have a safe trip.

If you see something, say something.

Remember: If you see something, say something—whether an unattended package or anything else that appears suspicious—tell a police officer or MTA employee, or call the Terrorism Hotline: 1-888-NYC-SAFE (692-7233).
